1. WELCOME MESSAGES

1.1. MESSAGE FROM THE PRESIDENT OF EUSA

Dear Friends,

It is with great pleasure and appreciation that I extend a warm welcome to all our Organising Committees, athletes, partner universities, and member and associated institutions across Europe.

As we open another exciting chapter in the European University Sports Association's journey, I want to express sincere gratitude for the commitment, energy, and collaboration you continuously bring to our shared mission. Your involvement remains the foundation of every successful event, initiative, and milestone we achieve together.

Thanks to your trust and dedication, the European Universities movement continues to grow and thrive. Whether you are hosting a Championship, supporting student-athletes, or participating in our educational and social responsibility projects, your contributions are shaping the future of university sport in Europe.

Our collective successes, ranging from the record-breaking European Universities Games to the expansion of our Associated Members network, stand as a testament to the strength of our community. This progress would not be possible without your ongoing partnership and the spirit of cooperation that unites us.

Looking ahead to the 2026 European Universities Championships and beyond, I am confident that, together, we will continue to deliver meaningful experiences for students, foster lasting international connections, and inspire the next generation through sport.

I invite you all to join us in celebrating the 2026 European Universities Championships and to prepare for the 2028 European Universities Games in Split, Croatia. These events promise to be even more

inspiring as we strengthen the role of university sport in promoting inclusion, excellence, and intercultural dialogue across Europe.

Our achievements are, as always, the result of collective dedication. My heartfelt thanks go to our Member Federations, Organising Committees, volunteers, partners, and the EUSA staff for their commitment and enthusiasm. I also extend special appreciation to FISU and the European Commission for their continuous support, enabling us to expand our impact year after year.

Thank you for being an integral part of the EUSA Family. The Championships offer us an opportunity to recognise and celebrate our joint accomplishments. Let us make 2026 another landmark year for university sport and pave the way for many more to come!

Haris Pavletić

*President of European University Sports
Association*

1.2. MESSAGE FROM THE PRESIDENT OF CASF

Dear friends,

It is with great pride and heartfelt joy that I welcome you to the European Universities Rowing Championship 2026. It is a special honour for me to address you for the first time as the newly elected President of the Croatian Academic Sports Federation, at an event that so beautifully embodies everything our organization stands for.

As one of the most active and successful members of the European University Sports Association, the Croatian Academic Sports Federation has long been committed to promoting university sport, fostering student development, and building bridges between young people through athletic excellence and fair competition.

We are especially proud that this Championship is hosted by the University of Zagreb, which has for many years been an active and successful organizer of European and World university championships, and which today proudly holds the title of the most successful European sports university. Its tradition, experience, and dedication to student sport are a guarantee of a superbly organized event.

The Championship is not only a showcase of talent and determination, but also a platform for friendship, intercultural exchange, and shared values such as respect, peace, and diversity.

Organizing such an event is never easy — it requires time, passion, and teamwork. I would like to express my sincere gratitude to all members of the organizing committee, the volunteers, our partners, and local, regional and national authorities for their support and collaboration.

I am confident that this year's edition will bring unforgettable memories, sporting achievements, and long-lasting friendships. To all athletes, coaches, officials and guests – enjoy the competition, embrace

the experience, and take a part of this wonderful journey with you wherever you go.

On behalf of the Croatian Academic Sports Federation, I wish you all good luck and warmly welcome you to the European Universities Rowing Championships 2026.

Nikola Vincetić

*President of Croatian Academic Sports
Federation*

1.3. MESSAGE FROM THE PRESIDENT OF OC EUC ROWING 2026

Dear friends, on behalf of the Organizing Committee, I am delighted to extend my warmest welcome to the European Universities Rowing Championship in the vibrant city of Zagreb.

Zagreb, with its rich history, warm hospitality and modern facilities, is honored to host this prestigious event. We are truly proud that our city has been chosen to welcome so many talented young athletes, coaches, officials and guests from all across Europe. Our goal is to support athletes in achieving their best results and to ensure that every participant feels valued.

Our venue, Jarun Lake, has long been known as one of the finest rowing courses in this part of Europe. It has hosted many important competitions over the years, and now it is ready to welcome you and to be the stage for your hard work, your talent and your dreams.

We have done everything we can to make sure the course, the facilities and the surroundings are ready to give every athlete a fair chance to show their best performance. We express our sincere gratitude to the European University Sports Association (EUSA), our partners, volunteers and all individuals who played a role in making this Championship a reality. Your continued commitment and support are key to the success of this event.

This Rowing Championship is an opportunity to celebrate university sport, where passion and fair play unite us all. Over the next few days, you will experience the excitement of competition, the joy of cultural exchange and the spirit of sport that makes university sport special.

We hope that through sports competitions you will build new friendships and create lasting memories. May this championship motivate you to continue striving for excellence, both on and off the course.

We are proud and happy to host you. We wish you a safe travel to Zagreb and an unforgettable time at the EUSA Rowing Championship.

Davor Pavlović

President of OC EUC Rowing 2026

1.4. MESSAGE FROM THE EUSA ROWING TECHNICAL DELEGATE

Dear competitors,

It is a real pleasure to welcome you this year to Zagreb as my last duty as EUSA Technical Delegate for Rowing.

For me, Zagreb is a highly symbolic venue, representing a long-standing commitment to university rowing. Lake Jarun has always been there whenever university rowing needed it, offering outstanding facilities and the support of an enthusiastic and highly competent organising team. On a personal level, Zagreb also brings back wonderful memories of remarkable rowing events like, EUSA or FISU championships or Universiades and its unforgettable opening ceremony which was for me like in the Olympic Games.

Time is running, and now it is your turn to enjoy the warm hospitality and ever-smiling welcome of our Croatian friends, and to create your own unforgettable memories, whatever your results may be. Thank you for continuing to compete and contribute to the growth of university rowing in your countries and within EUSA, helping it secure the place it truly deserves.

Finally, my sincere and emotional thanks go to all my friends here in Zagreb for their dedication and friendship. Good luck to everyone.

Hvala !

Lionel Girard

EUSA Technical Delegate

2. GENERAL INFO ABOUT EUSA

2.1. ABOUT EUSA

The European University Sports Association (EUSA) is an umbrella organization that comprises National University Sports Associations (NUSA) from 47 European countries, providing sporting activities, educational events, and expertise in policy making and programming. The organization is well known within the sector as a safe and strong voice for university sports in Europe, promoting fair play values and supporting their membership by partnering with European Sports Federations and lobbying within the European Union, the Council of Europe, and other institutions for funding to improve the provision of sport. EUSA is a proud and active associated member of the International University Sports Federation (FISU), strategically cooperating also with other Continental University Sports Federations (CUSF), as well as key governing bodies and organisations active in the field of sport, education, and youth.

Since its founding in 1999, EUSA has organised 16 seasons of the European Universities Championships, attracting student-athletes to 204 university competitions held across Europe. In five previous editions of the European Universities Games, around 19.500 student-athletes from across Europe have participated in the different sporting competitions organised during these multi-sports events.

Through its Institute, EUSA also engages in several social responsibility projects and initiatives on various topics, including Anti-Doping, Dual Career, Equal Opportunities and Inclusion, Good Governance, Mobility, Safeguarding, Skills Development, Sustainability, and Volunteering. Many of the projects are supported by the European Union.

2.2. EUSA EC, COMMISSIONS, AND OFFICE

The highest body is the General Assembly, composed of representatives of the member associations, which elects the Executive Committee. Its members are responsible for the administration and running of EUSA and the execution of the main directives taken by the Assembly.

The EUSA Executive Committee is led by the President Haris Pavletic, 1st Vice President, four Vice-Presidents, Treasurer, and Secretary General.

Various EUSA commissions are in place to provide assistance and guidance to the many different activities EUSA is involved in. These commissions include the Technical Commission, Control Commission, Education Commission, Inclusion and Diversity Commission, Medical Commission, Student Commission, Branding and Marketing Council, and also other working bodies.

EUSA's headquarters is located in Ljubljana, Slovenia, where a dedicated team of 12 staff members plus 4 volunteers/interns work together to manage daily operations and oversee international activities. As part of the European University Sports Association (EUSA), they play a vital role in supporting the development and promotion of university sports across Europe, ensuring smooth coordination of events, effective communication, and strong collaboration among member organizations.

4.2. MEDICAL AND SECURITY SERVICES

MEDICAL SERVICES

The medical room will be operational all hours of the day (0-24), in case of emergency. Medical room is situated within Athletes Village:

Medical care and public health support during the EUC Rowing 2026 includes the provision of:

- Out of competition emergency services;
- Medical services at venues;
- Polyclinic and hospital services;
- Sanitary and epidemiological surveyance of environmental conditions, accommodation and catering.

Medical services will be provided free of charge for all accredited participants.

SECURITY SERVICES

The international character of the European Universities Championships and the presence of eminent personalities during the event, require the assurance of the highest level of prevention, security, public peacekeeping and surveillance.

This will be carried out by taking into consideration the current international and national situation, as well as any problems which may occur immediately before or during the event. Furthermore, in the interest of public safety and to safe guard a peaceful environment, immediate action will be taken in the case of strikes, unannounced forms of protest, demonstrations or any criminal or irresponsible actions.

The main aims of the security arrangements are to protect the safety of delegations, ensure public safety and the orderly inflow and outflow of athletes, journalists and public, and to continuously monitor streets adjacent to the sport venues in order to prevent any crowd congestion or critical situations.

The Accreditation Card is the only official and valid document for Rowing 2026 participants, therefore it must always be clearly visible in order to access restricted event areas. At the rowing venue, the main security objective is to assure the athletes' privacy and to guarantee the smooth running of the European Championship. This will be achieved by strict control of the Accreditation Cards at the main entrances and by rigorously separating the different areas inside rowing areas. Safe and organized transportation will be provided for all accredited participants between the accommodation facilities and rowing venue. The accommodation facilities are equipped with a video surveillance system covering common areas to ensure the safety of all residents and staff.

4.3. ACCREDITATION PROCEDURE

Accreditation center is at the same place as the Athletes Village.

Location: Athletes Village 11th pavilion

The accreditation center will be open on August 25th (10:00-21:00) and 26th (9:00-12:00) to accommodate late arrivals on August 25th.

REQUIRED DOCUMENTS for accreditation process:

Participant Category	Required Documents
Athletes	• Passport or ID card (ORIGINAL, not a copy) • Certificate of Academic Eligibility, signed personally by the athlete and signed and sealed by the University (this is the IEF itself)
Officials	• Passport or ID card (ORIGINAL, not a copy) • Certificate of Academic Eligibility, signed personally by the official (this is the IEF itself)
Head of Delegation*	• Proof of payment received from the bank

* Head of delegation should be the person who is going to do the accreditation process for entire University, not coach or athletes. Only one person can go to accreditation centre bringing all the documents.

Partial accreditation of teams is not possible!

1. In the first step, the head of the delegation will determine the composition of the delegation that arrived in
2. In the second step, all financial obligations will be checked. Performance is possible only in case of fully executed and approved payments in the system, and the head of the delegation will immediately receive the original invoice for all payments.
3. In the third step, the rooming list is created. Rooming lists will be prepared in advance according to completed applications in Individual entry forms in accordance with EUSA rules. Male athletes will be in male pavilions, female athletes in female pavilions in double rooms, while officials will be in their pavilions in double and single rooms.
4. In the fourth step, a check is carried out by EUSA and accreditations are issued.
5. In the fifth, final step, the keys are picked up at the reception. The keys can only be picked up with the presentation of the accreditation and the rooming list, which you will receive in the third step

ACCREDITATION CARD

The Accreditation Card is the only official and valid document for Rowing 2026 participants; therefore, it must always be clearly visible in order to access restricted event areas. Monitoring of access will be achieved through the Accreditation Cards, which will be checked at all site entrances. Depending on their category, each participant will be allowed to access a certain zone. People not holding an Accreditation Card or holding a Card which does not have the required access rights will not be allowed to enter. Improper usage of personal Accreditation Cards is prosecutable by law and will be reported to the Security Operational Center.

LOSS OF THE ACCREDITATION CARD

In case of loss of the Accreditation Card, participant must personally approach the OC Accreditation Center and report the loss by using valid Identification document (passport or ID card). Enquiries about issuing replacement cards is to be made directly at the Accreditation Center where new cards will be printed. Issuing of a new accreditation card will be charged by the OC (50 EUR).

4.4. ACCOMMODATION

Accommodation will be provided at the Student Residence Hall “Stjepan Radić”, located at Jarunska cesta 2, Zagreb, Croatia.

The residence village consists of 12 pavilions and a central building that houses two restaurants, a pizzeria, a cafeteria and a confectionery with a large terrace.

Participants will also have access to various services within the Village, including a laundry service, meeting rooms, a sports and fun zone, a grocery store, an ATM, an information point and more. The accreditation centre is within the Village; the reception works 0-24 for check-in/out and key storage.

On the day of departure, check-out is required by 10:00, when only breakfast is served.

Rooms – Athletes & Officials

During your stay in Zagreb, you will be accommodated in double rooms. The rooms have been renovated but air conditioning is not available. While there are standard electrical outlets in each room, we strongly advise against bringing portable air-conditioning units – the electrical system is designed to support only small appliances such as laptops, hair dryers and mini fridges.

Bed linens will be provided and ready at check-in and towels will be changed once during the stay - additional towel and linen changes are possible on request at the reception desk. Bathrooms are shared, with each floor having a complete set of toilets and showers.

4.5. CATERING

Restaurant in dormitory will be operating three meals: breakfast, lunch and dinner. The catering service can only be used with the presence of accreditation and a meal card. A meal card will be given to each participant along with the room keys. The meal card is scanned at the cash register. If the participant does not have a meal card, he will have to pay for the meal according to the price list. Meal card can only be scanned once for each meal.

Additionally, each participant can order items outside of the one-meal offer at their own expense. Such items are paid for at the cash desk, exclusively in cash.

Any item outside the set menu or a full meal without the card will be charged at a flat rate of 12 EUR per item. Payment by card is not possible. There are two ATMs outside the restaurant, in the village.

Participating teams are responsible for insurance of their delegation against all claims for loss and injury to competitors.

Participants from countries within the EU: Each member of the team must bring their European Health Insurance Card (EHIC) issued by their national health insurance provider as well as travel with an appropriate travel insurance

Participants from countries outside the EU: Each member of the team should have an appropriate health insurance and travel insurance for the time of the stay.

4.7. SAFETY AND SECURITY RULES

Athletes in the accommodation will have to comply with dormitory rules and fire safety requirements. The dormitory has a specific evacuation plan. Security personnel will be present at accommodation 24/7 for surveillance and safety of EUC Rowing 2026 participants. The Accreditation Card is the only official and valid document for EUC Rowing 2026 participants; therefore, it must always be clearly visible in order to access the accommodation. Security personnel will be divided in two sections; professional organized by official security and volunteers who will be at assistance for the participants for their safety.

Security Rules:

1. Only authorized residents and staff are permitted to enter the dormitory premises. Athletes and officials must always carry their accreditation cards and present them upon request.
2. The consumption of alcohol is prohibited in dormitory premises as well as travel with an appropriate travel insurance. Participants from countries outside the EU: Each member of the team should have an appropriate health insurance and travel insurance for the time of the stay.
3. Quiet hours are enforced from 22:00 to 7:00 to ensure a conducive environment for all residents.
4. Tampering with fire safety equipment, including extinguishers and alarms, is prohibited. Residents must familiarize themselves with emergency evacuation routes and procedures.
5. Cameras are installed in common areas for safety and security purposes.
6. Residents are responsible for securing their personal belongings; the dormitory is not liable for lost or stolen items.
7. In case of emergency, residents should follow the instructions of the dormitory staff and emergency personnel.
8. Violation of these rules may result in disciplinary action.

4.8. INFO CENTRE

There will be one central Info Point in the Athletes' Village.

All additional information regarding the competition will be available at trained volunteers who will provide necessary information and assistance to all participants.

Info mail is available on the backside of accreditation.

6. PROTOCOL AND CEREMONIES

6.1. OPENING CEREMONY

DATE: 26.08.2026.

TIME: 19:00 H

LOCATION: JARUN LAKE

Address: Aleja Matije Ljubeka bb, 10000 Zagreb, Croatia

Opening Ceremony will take place on Thursday, 26th August 2026 at 19:00 at Jarun Lake.

All participating competitors and officials are invited to attend the Ceremony. The Ceremony will last for about 45 minutes.

For participating in the Opening Ceremony, each participating NUSA is kindly requested to appoint one competitor as flag bearer who will take part in the march-past during the Ceremony. Upon arrival at the starting point, they will be given information about the Ceremony and given instructions on how to proceed.

After the Opening Ceremony, the Organizing Committee has planned a party in the Hugo's Bar, which is close to Athlete's Village „Stjepan Radić“. Hugo's Bar will be opened daily during the championship.

The Organizing Committee highly appreciates the participation and collaboration of all competitors and officials, making these ceremonies memorable events for all involved.

6.2. CLOSING CEREMONY

DATE: 29.08.2026.

TIME: AFTER THE FINAL RACE

LOCATION: JARUN LAKE

The closing ceremony will be held on Saturday 29 August at the Jarun Lake shortly after the final race.

6.3. SOCIAL AND CULTURAL ACTIVITIES

The EUSA European Universities Rowing Championship 2026 in Zagreb isn't just about the matches—it's about creating memories, building friendships, and celebrating university spirit beyond the race. A range of social activities is planned to foster interaction and fun among participants from all over Europe.

Key Social and Cultural Events

Official Reception Dinner: Dinner for officials – one per university will be held on August 28th, where the token of appreciation will be provided to all participating universities.

The Croatian Sports Museum:

Since 2003 as a national museum institution under the auspices of the Ministry of Culture of the Republic of Croatia, dedicated to the systematic collection of the most important national heritage from the fields of Croatian sports and physical exercise. Check out the EUG 2016 – 10 years later exhibition.

Goodbye Party: Celebrate the end of an amazing championship with a Goodbye Party, at Hugo's Bar – across the student dormitory. This event will be the culmination of an incredible week, offering everyone a chance to celebrate their achievements and bid farewell to new friends.

7.2. VISUAL IDENTITY

The official logo of the European Universities Rowing Championship, Zagreb 2026, merges two *rowing oars* with the shape of Zagreb's iconic *licitar heart*, a traditional gingerbread-heart handicraft that has long served as a symbol of the city and of Croatian folk heritage.

The decorative spirals at the top of the mark echo the ornamental swirls typically piped onto licitar hearts, while the two oar blades extend downward to form the lower point of the heart, doubling as the vessel's stroke and directly representing the sport of rowing.

By incorporating the oars as a key visual element, the logo clearly signals that this is a rowing championship, linking the event's sporting identity with a local Zagreb symbol. Rendered in a single deep navy blue, the mark reads as a clean, modern silhouette while carrying a clear local and cultural reference to Zagreb itself.

7.3. SUSTAINABILITY, INNOVATION AND LEGACY

The EUC Rowing 2026 in Zagreb is committed to setting new standards in sustainability, innovation, and legacy. As we welcome student-athletes from across Europe, our goal is not only to celebrate sporting excellence but also to promote responsible event management and long-term impact.

Sustainability

We are minimizing our environmental footprint by reducing single-use plastics, encouraging public and shared transport. Furthermore, waste separation and recycling stations will be available at all venues.

Innovation

Innovation drives how we organize and deliver the championship. We are leveraging digital tools for accreditation, communication, and scheduling to reduce paper use and improve efficiency. Interactive platforms will provide real-time updates and create a more engaging experience for participants. We are also exploring the use of smart technologies to monitor energy consumption and enhance venue sustainability.

Legacy

This championship is more than a tournament—it is an opportunity to inspire young people, promote healthy lifestyles, and strengthen international cooperation through sport. We aim to empower local volunteers, support the development of rowing in academic communities, and showcase Zagreb as a city capable of hosting modern, inclusive, and forward-thinking sports events.

Together, through sport, we build a future that is greener, smarter, and more connected.

7.4. VOLUNTEERS PROGRAM

The volunteer program will be managed by the coordinator who will be supported by the coordinator assistants allocated in the following field of volunteering:

SPORTS volunteer - tasks will include:

- Support live results and timing system
- Assist during competitions
- Help prepare and support race venue

EVENT volunteer - tasks will include:

- Support accreditation
- Assist with official ceremonies and side events
- Help with athlete services and official welcome
- Support the smooth running of the championship

MEDIA volunteer - tasks will include:

- Filming and creating engaging video content and reels based on current trends
- Selecting the best photos from the gallery for social media posts and articles
- Interviewing players and gathering statements
- Assisting in writing articles for the official website

Recruitment programme on EUC Rowing 2026 does not have only goal to recruit enough people, its aim is to spread awareness of volunteering as a mayor force of progressive society.

7.6. ANTI-DOPING POLICY

Doping is not a guarantee of success in sport. In fact, its effect is usually the opposite. A lot of elite sportsmen and sportswomen who did doping got caught. As a result, they lost pride and were banned for at least 2 years from participating in a sport they loved and lived for. An even bigger problem of doping are the effects on the body.

In elite sports, doping is defined as a violation of one or more anti-doping rules:

1. Presence of a prohibited substance in an athlete's sample
2. Use or attempted use of a prohibited substance or method
3. Refusing to submit sample collection after being notified
4. Failure to file athlete whereabouts information & missed tests
5. Tampering with any part of the doping control process
6. Possession of a prohibited substance or method
7. Trafficking a prohibited substance or method
8. Administering or attempting to administer a prohibited substance or method to an athlete

You can find the list of prohibited substances and methods on the internet, as it is updated every year by the World Anti-Doping Agency (WADA) and it's valid for every sport. EUSA is active in Anti-Doping promotion, and has been a partner in the European Anti-Doping Initiative (EADIn) and Match point, supporting European-wide Anti-Doping mentality in the youth sector by establishing a moral tenor towards concepts such as Fair-play, sensitizing and raising awareness on all levels of the complex social environment surrounding the doping problematic, and implementing strategies to motivate young people to pass on the message and create a strong multiplying effect. Also, the International University Sport Federation (FISU) has been actively promoting sports without drugs, also at the university sports level.

EUSA is currently not enforcing doping tests at our events. In accordance with the national legislation of the host countries, however, doping controls may be implemented by the National Anti-Doping Agencies. If such doping tests are executed, the WADA rules and regulations are applicable to all athletes. Please remember that testing

can be conducted in-competition and out-of-competition. If you are identified in a Registered Testing Pool (RTP), you must provide current and accurate whereabouts information.

What can you do to be an excellent athlete?

- Practice right and live healthy
- Get more information about the consequences of Doping
- Play fair and be a good role model to younger athletes
- Be committed to sport without doping

Doping? No, thanks

7.7. EUSA SAFEGUARDING AND INCIDENT POLICY

One of The Fundamental Principles of Olympism is that “practice of sport is a human right” and that “every individual must have the possibility of practising sport, without discrimination of any kind”. This principle further states that this requires a behaviour based on “mutual understanding with a spirit of friendship, solidarity and fair play”.

EUSA considers sports as an active tool in the education of university students and aims at encouraging and supporting “the promotion of ethics, Fair Play, gender equity and good governance in sport” (EUSA Statutes).

With the EUSA Safeguarding and also referred to as Incident Policy, EUSA clarifies the expectations, and consequences, regarding the behaviour of different stakeholders at EUSA’s events to allow the creation of a safe and enjoyable environment.

To learn more about the Incident Policy, please refer to the following link:

<https://www.eusa.eu/media/documents/eusa-safeguarding-and-incident-policy>

7.8. FAIR PLAY

Fair play is a core value of EUSA, deeply embedded in our mission and activities. In partnership with the European Fair Play Movement (EFPM), we actively promote sportsmanship, respect, and solidarity at all our events. For over 20 years, EUSA has championed these values, recognising fair play as the true essence of sport.

Fair play is present in sports as the unwritten rule, a moral value that represents the real essence of sport. It represents that opponents must be appreciated and in nowadays practising of sports, more than ever, it is vitally important to defend the values intrinsic to sport: respect for oneself and others, solidarity, and fair play.

Since 2007, EUSA has honoured outstanding acts of fair play with the Enno Harms Fair Play Award, named after our first President and a strong advocate for fair play. At each event, organisers, delegates, and participants commit to upholding fair play, with the oath of respect and integrity declared during the opening ceremonies.

The prestigious annual EUSA Enno Harms Fair Play Award is awarded to athletes demonstrating fair play during the matches, following the rules, and pursuing a “clean” game, and is awarded with a fair play recognition already during the event. EUSA Executive Committee members discuss the proposals received from all sporting events governed by EUSA in that year and select the team or individual to receive the Enno Harms Fair Play award, which is formally handed to them at a special occasion, usually at the EUSA Gala.

Fair play will remain a key focus at the European Universities Championships 2026.

Guided by EUSA's principles and the Olympic spirit, our events promote respect, equality, and non-discrimination, contributing to a more inclusive and peaceful society through sport.

We kindly invite all delegations to submit proposals for the **Enno Harms Fair Play Award**, recognising individuals or university teams who have demonstrated exemplary behaviour, integrity, and sportsmanship during the Championships.

To submit a nomination, please complete the official form via the following link: <https://forms.gle/JPT7tAzu4y45tzLL9>

Alternatively, you may access the form directly by scanning the QR code provided.

Let us jointly honour and celebrate those who embody the true spirit of Fair Play!

8. COMPETITION VENUES AND SPORT EQUIPMENT

8.1. COMPETITION AND TRAINING VENUES

The main competition venue for the EUC Rowing 2026 will be Jarun Lake, located in Zagreb. This is a world-class regatta venue with a long history of hosting major international rowing competitions, including the EUC Rowing 2008, rowing events at the European Universities Games Zagreb-Rijeka 2016, and most recently the EUC Rowing 2024.

The venue features a 2,250-metre regatta course, allowing for standard 2,000-metre races as required by World Rowing regulations. The lake and its surrounding facilities are managed by the City of Zagreb and are part of a well-established sports and recreation complex in the western part of the city.

UNISPORT ZAGREB

Savska cesta 137, HR-10000 Zagreb

Tel.: 00 385 91 4593 603

zagreb.unisport.hr

Accommodation for athletes and officials will be provided at the Student Residence Hall Stjepan Radić, which is located in close proximity to the venue and has been used successfully for previous 1998 FISU World University Rowing Championship and EUSA events hosted in Zagreb.

Venue overview

	Jarun Lake – Regatta Course
Address	Aleja Matije Ljubeka 3, 10 000 Zagreb
Website	Upravljanje sportskim objektima - Rekreativsko-sportski centar Jarun
Use	Competition and training venue
Regatta course length	2,250 m (2,000 m races)
Seating capacity	2,000 seats
Previous use	EUC Rowing 2008, EUG 2016 (Rowing), EUC Rowing 2024, Rowing World Cup
Locker rooms	Available within the venue complex
Distance from accommodation (athletes)	2.6 km / approx. 5 min
Distance from accommodation (EUSA TD / Referees)	2.6 km / approx. 5 min
Distance from accommodation (EUSA representatives / VIP)	8 km / approx. 15 min

The venue infrastructure is already in place and has been proven at the highest level of university sport. No major construction or renovation is foreseen, which represents a significant advantage in terms of cost efficiency and delivery confidence.

Traffic Rules

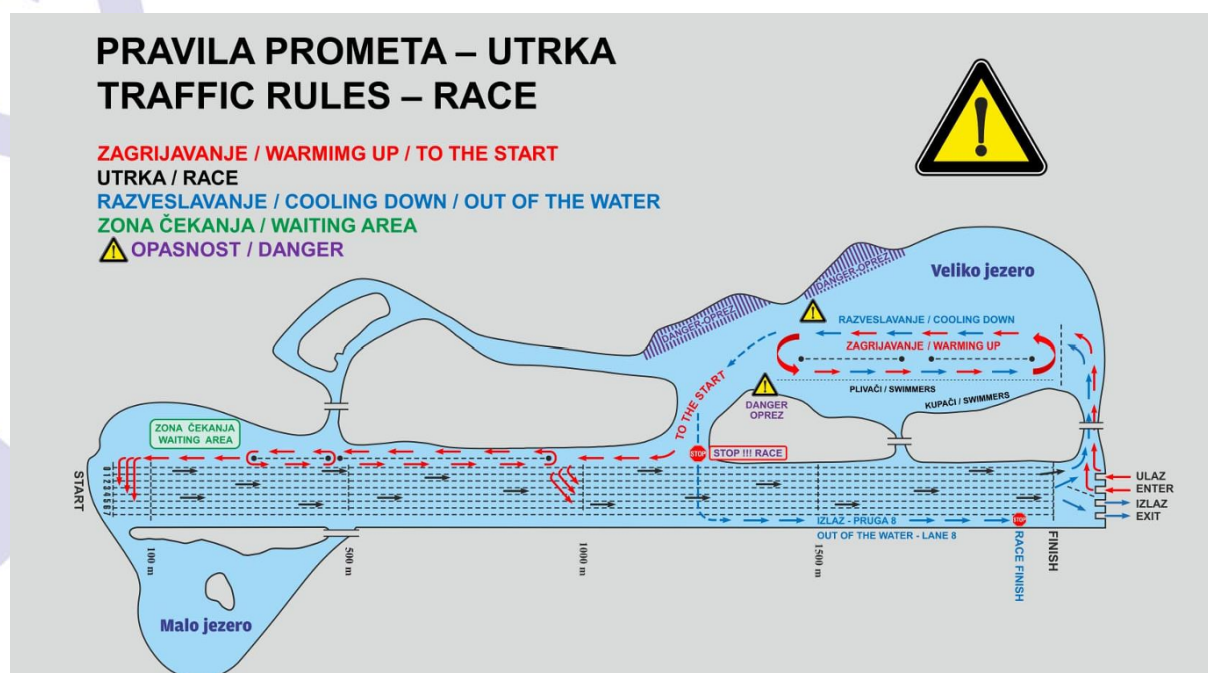

TRAFFIC RULES – TRAINING

During training sessions, all boats enter the water from the right side near the finish line. They then row the full length of the course in the direction of the start (rowing direction runs from finish to start along the main course). Exit from the water is also on the right side, at the same point as the entry. Danger zones are marked along the course. The warm-up area is the Malo jezero (Small Lake), which is separate from the main competition course (Veliko jezero / Big Lake).

TRAFFIC RULES – RACE

During racing, the traffic pattern is more complex and involves several designated zones. Boats enter from the right side near the finish line and proceed through the warm-up area toward the start. The warm-up and cooling-down zones are clearly separated. After completing their race, crews exit via Lane 8 (the lane closest to the bank), which serves as the dedicated out-of-water lane. A waiting area (zona čekanja) is positioned near the start for crews awaiting their race. Danger zones are marked near the swimming area, where swimmers may be present. The finish area and race course are strictly controlled during competition.

8.2. SPORT EQUIPMENT AND MATERIALS

Sport equipment

The competition will take place on the Jarun Lake regatta course, which features a 2000-metre racecourse with a lane width of 12.5 metres. The key sport equipment includes start pontoons, lane markers and buoys along the full course length, finish line equipment, bow numbers for competing crews, and a separate warm-up lake (Malo jezero). Additionally, boat rental is available for teams that require it, with rowing boats and sets of oars provided through the Zagreb Rowing Federation's network, as demonstrated at EUC Rowing 2024 where the rental service was managed by an experienced rowing coach.

RULES OF RENTING BOATS DURING ZAGREB 2026 EUC ROWING

There is the possibility of renting rowing boats (with a set of oars) for the duration of the championship. The boats are not new, but are of good quality and are used by local rowing clubs, to compete in regattas.

Boat rental price:

- 1x (Single Scull) - 400€/boat,
- 2x (Double Scull) - 600€/boat,
- 2- (Coxless Pair) - €600/boat,
- 4x (Quad) - 900 €/boat,
- 4- (Coxless Four) - 900 €/boat,
- 8+ (Coxed Eight) 1500 €/boat.

A refundable deposit of 100€/boat is added to the price of the boat rental. The deposit is paid immediately before picking up the boats - in cash. The deposit will be refunded when the boat is returned and

inspected. In the event of damage to the boat (oars), the deposit will not be returned - and will be the insurance deductible. Despite all efforts, the organizer will not always be able to secure boats of the ordered displacement.

In order to submit the demand for boat rental, please contact Zagreb Rowing Federation: Mr Boris Rihtar, boris.rihtar@vsz.hr

The demand for boat rental should be submitted and paid by **10.08.2026.**

BOAT RENTAL PROCEDURE

Only those boats will be rented which have been previously reserved and the rental fee and deposit will be paid.

Boat rental will take place on **Tuesday, August 25, from 9:00.**

Please check the technical condition of the rented equipment. Any comments should be reported to the person in charge of the rental. The person responsible for the rental is an experienced rowing coach and during the championships, he will be able to provide the necessary technical assistance.

Return of the rented equipment will be held no later than on **Saturday, August 29, at 19:00.** The borrowed equipment must be returned in the same condition it was rented and only in this case the deposit will be returned.

Rented boats are the starting boats which are normally used by the rowers of our region. The organizers have made every effort to ensure that rented equipment is in the best quality possible. However, not in every case it has been possible to meet all the requests of the ordering parties (e.g., regarding the boat displacement).

Equipment approval

All equipment used at Jarun Lake is in accordance with World Rowing (World Rowing/FISA) technical regulations and has been validated through repeated use at international universities rowing events, including EUC Rowing 2008, EUG 2016, and EUC Rowing 2024. The course layout, lane configuration, and all technical equipment meet the requirements of the international federation.

Provider of equipment

Equipment provision is a shared responsibility between the Croatian Rowing Federation, the Zagreb Rowing Federation and the managing body of Jarun Lake - Sportski objekti Zagreb. Permanent infrastructure such as the boathouse, pontoons, and course markings are maintained by the venue operator.

Timeline for equipment delivery and setup

The venue is fully operational from the official arrival day, with training available from the first full day of the event. Boat rental collection begins on the arrival day itself. A detailed equipment and venue setup timeline will be prepared in coordination with the Zagreb Rowing Federation.

Storage, maintenance, and transport

Since Jarun Lake serves as both the competition and training venue for the championship, there is no need for equipment transport between multiple venues. All equipment remains on-site throughout the event. The Rowing Club House at Jarun Lake serves as the central hub for equipment storage and distribution, including bow number collection and boat rental management. Maintenance of rented boats is overseen by an experienced rowing coach designated by the organising committee. The boathouse and storage facilities provide sufficient capacity for all equipment needs throughout the championship.

9. RULES AND REGULATIONS

9.1. TECHNICAL REGULATIONS

The Championship is conducted according to the EUSA Rules & Regulations (general part and the rowing technical annex) and the Technical rules of World Rowing.

[EUSA Rules & Regulations](#)

[TECHNICAL RULES OF WORLD ROWING](#)

9.2. INTERNATIONAL REGULATIONS AND EXCEPTIONS

The organization of the EUC Rowing will be mainly based on the most recent Technical Rules of World Rowing. If exceptions are made then they will be conveyed to each Head of Delegation during the General Technical Meeting.

9.3. ELIGIBILITY TO COMPETE

Participants shall be nominated through their NUSA.

Only the following may participate as competitors:

- Students who are officially registered for and pursuing a course of study at university, or similar institute with the status as an institution of higher education recognised by the appropriate national authority of their country. Participation of university teams from disputed territories is possible only for universities recognized either by the European University Association or the International Association of Universities. Such Universities may only compete under their University and EUSA flag. Students shall confirm their status by delivering completed, signed and sealed EUSA Certificate of Academic Eligibility (Individual Entry)
- Former students of the institutions mentioned above who obtained their academic degree or diploma in the year preceding the EUC
- Competitor's age is defined by the formula:

the EUC Year – competitor's year of birth = age.

According to this formula, competitors shall not be younger than 17 and older than 30 years. If the official(s) of a delegation deliberately misinform the SCAC Chair about the eligibility of competitor(s), the participant and the team of the sport concerned will be excluded from further participation in the current event: such fraud may give grounds for the termination of that country's membership of EUSA.

10. COMPETITION INFORMATION

10.1. COMPETITION FORMAT

Racing is held over the 2000 m course at Lake Jarun.

The detailed format per event will be confirmed after the draw at the General Technical Meeting.

10.2. COMPETITION AND TRAINING PROGRAM

The 2026 European Universities Championship in Rowing will take place from 25 to 30 August at Lake Jarun, Zagreb, bringing together university athletes, coaches and officials from across Europe for a week dedicated to sporting excellence and academic sport cooperation.

The programme comprises arrival and accreditation procedures, official training sessions, the General Technical Meeting, the Opening Ceremony, three days of competition culminating in the finals, and the Closing Ceremony, followed by departures. Participants are kindly requested to consult the schedule below and adhere to the indicated times for each activity.

EVENT SCHEDULE

10.3. RACE COUNTDOWN

The start procedure follows the standard rowing countdown. Crews must be on the start at the time indicated in the programme; the starter calls the crews, aligns the field and starts the race. Late crews and false starts are handled according to the technical rules and the instructions of the jury.

10.4. SPORT INFO DESK

A Sport Info Desk will operate at Lake Jarun during competition days for start lists, results, weigh-in (lightweight), technical queries and protests. Trained volunteers and the Sport department staff will be available to assist delegations.

11. PARTICIPATING TEAMS AND GENERAL TECHNICAL MEETING

11.1. COMPETITION ENTRIES

The European Universities Championship in Rowing 2026 will feature a comprehensive competition programme divided into two blocks, encompassing a wide range of boat classes for both men and women, including single, double, quadruple and eight-oared events, as well as lightweight categories.

Universities must confirm the final composition of their teams by email to rowing2026@eusa.eu no later than 24 August 2026, 17:00 (CEST) — 48 hours before the start of the General Technical Meeting on 26 August 2026, 17:00. No exceptions will be granted to this deadline. After this deadline, no changes to registered disciplines will be permitted, including withdrawing registered disciplines or adding new ones. Universities that fail to submit confirmation by the deadline will compete with the disciplines as last entered in the online entry system.
